Chapter- I		
About Safed Musli		1 - 4
1.0	Introduction	
1.1	Botanical characteristics	
1.1.1	<i>Chlorophytum tuberosum</i>	
1.1.2	<i>Chlorophytum borivillianum</i>	
1.2	Occurrence and distribution	
1.3	Uses and demand	
1.4	Review of literature	
Chapter- II		
The present Study		5 - 6
2.1	Objectives	
2.2	Methodology	
2.3	Processing technique and estimating drriage percent	
2.4	Grading	
2.5	Market Survey	
Chapter- III		
<i>Chlorophytum tuberosum</i> : Wild Extraction from Forests		7 - 11
3.0	Occurrence and collection areas	
3.1	Income and employment potential	
3.2	Harvesting and processing technique	
3.3	Marketing	
3.4	Grading	
3.5	Marketing channel	
Chapter- IV		
4.0 <i>Chlorophytum borivillianum</i> : Income generation from cultivation and collection from forests		12 - 25
4.1	Occurrence and collection areas	
4.2	Extent of contribution of Safed musli to the livelihood	
4.3	Cultivation	
4.4	Harvesting and processing technique	
4.5	Marketing	
4.6	grading	
5.0	Conclusion and future sustainability	25 - 27
6.0	References	27
